

FOUNDATION MEMBERSHIP INVITATION

Do you, or someone you know, share our vision of thriving kids and families in strong socially-connected communities across Australia?

By supporting Parents and Kids Together, lasting change is possible

OUR MISSION: TO ENGAGE KIDS, PARENTS AND COMMUNITIES IN INNOVATIVE THERAPEUTIC MUSIC OPPORTUNITIES THAT PROMOTE AND FOSTER MEANINGFUL CHANGE.

PaKT4Change Ltd – Generating Profit for a worthy Charitable Purpose.

In August 2015, PaKT4Change Ltd was established with a mission to contribute to lasting relief and positive futures for vulnerable and disadvantaged children and youth. Drawing from a growing evidence-base, PaKT4Change provides therapeutic music services that prioritise partnership, choice, control, the achievement of outcomes, and creativity with families.

Recognising the impact of complex family circumstances on child development and wellbeing, we design targeted music-based services for children and young people at risk. We assist parents, and others assuming responsibility for the care of children and young people, to better understand and respond to their varied needs. Music is well documented as beneficial to assisting with child development. Its application is frequently referenced by leaders in neurodevelopment as an appropriate and under resourced means of intervention in cases of dysregulation and complex trauma. PaKT4Change provides intentional facilitation of rhythm training, improvisation, song writing, movement, singing and music listening. This allows parents and kids together to explore and develop their sense of self, relationships, self-regulation, self-compassion, and resilience. Through collaboration and capacity building, PaKT4Change focuses on the sustainability of outcomes for a better Australia.

To bring about the real change and social impact we are seeking, we need to be agile and sustainable over the long term. We have a firm belief in our timing and our unique formula to promote and foster meaningful change in the lives of others and pride ourselves on our robust governance and management structure. Coupled with our skilled and competent team we are confident we can ensure stability in a competitive and dynamic social enterprise marketplace.
